#CICHFF 2019 Denver, Colorado

THE BUG THEATER

Sunday, April 14, 2019, 3-9 PM

Thank you for your talent and your
time. We are truly
Honored to be of service
To all of you!

*At this year's film festival, we received
34 submissions and provided a
number of awards for feature films
and shorts. We also viewed music
videos and read scripts.*

*At the event, we enjoyed meeting
filmmakers who traveled from
California, New York, Utah, Texas and
points beyond to visit with us at this
historic moment in Denver's history.*

THANK YOU
FOR SHARING YOUR
FILMIC VISIONS WITH US!

Cannabis is simply the scientific name given to the Marijuana plant. Some states, such as Colorado, have legalized the plant for recreational use much like alcohol. While many states and territories have passed legislation making the distribution and use of Cannabis legal for patients diagnosed with cancers and other medical conditions, others still arrest and jail innocent people for using it. With the federal government agreeing that there are, in fact, many valuable uses for cannabis & hemp, one has to wonder when the use of the plant will become common across all fifty states.

We would love to feature your documentaries, dramatizations, docudramas, comedies, animations, screenplays, art/photographs and music videos. All perspectives on legitimate uses & ideas related to Cannabis, Hemp & remotely related topics are welcome.
